DETAILED ACTION

The request for consideration of the Affidavit of Kuster, Jr. dated September 22, 2004 has been thoroughly reviewed and considered by the examiner. In the Affidavit, Mr. Kuster purports to be a co-inventor of some of the subject matter claimed in this instant application. It is noted that Mr. Kuster is not requesting to be added as an inventor in this application. Based on the Affidavit alone, the examiner is not in a position to state that Mr. Kuster must be added as an inventor. However, without evidence to the contrary, it would appear that it would be warranted and proper to add Mr. Kuster as an inventor in this application, through Correction of Inventorship under 35 U.S.C. 116.

This application is in condition for allowance except for the following formal matters: if applicant intends to add Mr. Kuster, Jr. as an inventor under 35 U.S.C. 116, applicant must satisfy the requirements of 37 C.F.R. 1.48(a) which first includes a request to correct the inventorship that sets forth the desired inventorship change. If applicant decides not to add Mr. Kuster, Jr. as an inventor, the application can proceed to issue.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Claims 1-16, 33-54 and 62-102 are allowed.
